

⚠ WARNING: PHOTOSENSITIVITY/EPILEPSY/SEIZURES

A very small percentage of individuals may experience epileptic seizures or blackouts when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or when playing video games may trigger epileptic seizures or blackouts in these individuals. These conditions may trigger previously undetected epileptic symptoms or seizures in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition or has had seizures of any kind, consult your physician before playing. IMMEDIATELY DISCONTINUE use and consult your physician before resuming gameplay if you or your child experience any of the following health problems or symptoms:

- dizziness
- eye or muscle twitches
- disorientation
- any involuntary movement
- altered vision
- loss of awareness
- seizures
- or convulsion.

RESUME GAMEPLAY ONLY ON APPROVAL OF YOUR PHYSICIAN.

Use and handling of video games to reduce the likelihood of a seizure

- Use in a well-lit area and keep as far away as possible from the television screen.
- Avoid large screen televisions. Use the smallest television screen available.
- Avoid prolonged use of the PlayStation®3 system. Take a 15-minute break during each hour of play.
- Avoid playing when you are tired or need sleep.

Stop using the system immediately if you experience any of the following symptoms: lightheadedness, nausea, or a sensation similar to motion sickness; discomfort or pain in the eyes, ears, hands, arms, or any other part of the body. If the condition persists, consult a doctor.

3D GAME NOTICE:

Some people may experience discomfort (such as eye strain, eye fatigue, or nausea) while watching 3D video images or playing stereoscopic 3D games on 3D televisions. If you experience such discomfort you should immediately discontinue use of your television until the discomfort subsides.

SCE recommends that all viewers take regular breaks while watching 3D video, or playing stereoscopic 3D games. The length and frequency of necessary breaks may vary from person to person — please take breaks that are long enough to allow any feelings of discomfort to subside. If symptoms persist, consult your doctor.

The vision of young children (especially those under six years old) is still under development. SCE recommends that you consult with a doctor (such as a pediatrician or eye doctor) before allowing a young child to watch 3D video images or play stereoscopic 3D games. Adults should supervise young children to ensure they follow the recommendations listed above. When using any 3D enabled device with your PlayStation®3 you should read the instruction manual for that device and check www.us.playstation.com/support/3D for updated information.

NOTICE:

Use caution when using the DUALSHOCK®3 wireless controller and the PlayStation®Move motion controller motion sensor function. When using the DUALSHOCK®3 wireless controller or the PlayStation®Move motion controller motion sensor function, be cautious of the following points. If the controller hits a person or object, this may cause accidental injury or damage. Before using, check that there is plenty of space around you. When using the controller, grip it firmly to make sure it cannot slip out of your hand. If using a controller that is connected to the PS3™ system with a USB cable, make sure there is enough space for the cable so that the cable will not hit a person or object. Also, take care to avoid pulling the cable out of the PS3™ system while using the controller.

WARNING TO OWNERS OF PROJECTION TELEVISIONS:

Do not connect your PS3™ system to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

HANDLING YOUR PS3™ FORMAT DISC:

- Do not bend it, crush it or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional rest break during extended play.
- Keep this disc clean. Always hold the disc by the edges and keep it in its protective case when not in use. Clean the disc with a lint-free, soft, dry cloth, wiping in straight lines from center to outer edge. Never use solvents or abrasive cleaners.

Thank you for purchasing Virtua Tennis™ 4. Please note that this software is designed for use with the PlayStation®3 computer entertainment system. Be sure to read this software manual thoroughly before you start playing.

NOTICES:

PS3™ system software v3.30 (or later), 3D display with compatible 3D active glasses and high-speed HDMI cable (all sold separately) required for 3D features. Visit www.us.playstation.com/support/3D for details.

Video output in HD requires cables and an HD-compatible display, both sold separately.

Voice chat requires a headset, sold separately. Compatible with most Bluetooth and USB wired headsets. Some limitations apply.

GETTING STARTED

PlayStation®3 system

Starting a game: Before use, carefully read the instructions supplied with the PS3™ computer entertainment system. The documentation contains information on setting up and using your system as well as important safety information.

Check that the MAIN POWER switch (located on the system rear) is turned on. Insert the *Virtua Tennis*™ 4 disc with the label facing up into the disc slot. Select the icon for the software title under [Game] in the PS3™ system's home menu, and then press the  button. Refer to this manual for information on using the software.

Quitting a game: During gameplay, press and hold down the PS button on the wireless controller for at least 2 seconds. Then select "Quit Game" from the screen that is displayed.

Hint To remove a disc, touch the eject button after quitting the game.

 **Trophies:** Earn, compare and share trophies that you earn by making specific in-game accomplishments. Trophies access requires a PlayStation®Network account.

Saved data for PS3™ format software

Saved data for PS3™ format software is saved on the system's hard disk. The data is displayed under "Saved Game Utility" in the Game menu.

Note: This game uses an auto-save feature. Please do not turn off the PS3™ system while the game is auto-saving your progress.

INSTALL GAME DATA

The first time you play, you will be prompted to install game data to the system's hard disk drive to be used in conjunction with the game disc. Installation is optional, but will shorten load times during gameplay. The process will take several minutes to complete. Game data can also be installed by selecting **Install** in **Options** (p.19).

PLAYING IN 3D

If your PS3 system is connected to a 3D compatible television set, a message will be displayed each time you start the game, asking whether you wish to play in 3D or 2D. Select the desired mode to continue. If you wish to change the display mode after this message you will need to restart to apply the change.

Please note that 2-player Singles and Doubles **Motion Play** matches (p.16) are not available in 3D.

MAIN MENU

Press START at the Title Screen to display the Main Menu, and use the left stick  followed by the  button to select one of the following modes:

- **WORLD TOUR (P.9)** Fight your way through four tough seasons, setting your sights on first place at the grand slam championship.
- **ARCADE (P.13)** Jump right into the deep end and enjoy a series of matches in this arcade-style game mode.
- **EXHIBITION (P.13)** Play alone to hone your techniques, or have fun with friends. However you want to play, this basic single match mode allows you to set all match parameters to your liking.
- **PRACTICE** The first dedicated practice mode in the *Virtua Tennis* series. Follow the on-screen instructions to learn the simple controls needed to play like a pro!
- **PARTY (P.14)** A collection of fun and unique mini-games for 1 to 4 players.
- **MOTION PLAY (P.16)** Swing the PlayStation®Move motion controller like a tennis racket to enjoy a more realistic tennis experience.
- **NETWORK (P.17)** Enjoy Ranked Matches and Player Matches with players from around the world via the PlayStation®Network.
- **MY CLUB (P.18)** Customize your World Tour characters, and check your **Overall Stats** and **Medals**.
- **OPTIONS (P.19)** Make changes to a variety of game settings.

PAUSE MENU

During tennis or Party gameplay, press START to open the Pause menu with the following options. Note that not all options will be available in all modes.

- | | |
|----------------------------|--|
| Resume Game | Return to the game in progress. |
| Return to Main Menu | Quit game in progress and return to Main Menu. |
| Restart | Restart game in progress from the beginning. |
| Controller Type | Set to A , B , C or D (p.4). |
| Camera Type | Set to TV , Follow or Close (p.4) |
| Camera Focus | Set to Normal , Dynamic or Off (p.19) |

CONTROLS

The following controls are used in all tennis modes except Motion Play (p.16). Please note that explanations assume **Type A** configuration. Configuration can be changed via Options (p.19) and the Pause Menu (p.3).

VIEWING THE GAME SCREEN

Player/COM Information

- Player Number
- Play Style/Concentration Gauge

Match Count

- Games/Sets Won

Press the SELECT button to switch views. **TV** (default) offers a 45° view of the action from above the court.

Close shows a much closer spectator view. **Follow** shows a court level view from behind the player.

Close View

4

BASIC TECHNIQUES

SERVING

1. Use the Directional Pad to set your starting position and select a shot button to start the Serve Gauge.
2. Hold the left stick in the direction you wish to serve. Be careful however, for holding it too long will cause the ball to fault.
3. Press the shot button again so that the Serve Gauge reaches Max. The closer it is to Max, the stronger the serve will be. Pressing the shot button while the gauge is rising will result in a Slice serve; pressing it while the gauge is dropping will result in a Spin serve.

RETURNING SHOTS

1. Approach the ball

As the ball is returned by your opponent, try to anticipate where it will arrive in your own court and run quickly to that position. Your shot type and footing will vary depending on your position relative to the ball.

2. Press the Shot Button

Press the shot button to start your swing. The length of time between starting your swing and hitting the ball will determine the shot's power. Additionally, the shot type will vary depending on the shot button used (see Shot Types, p.6).

Press early for greater power

5

3. Set the Direction

After pressing the shot button, use the Directional Pad to determine the shot's direction. Holding the Directional Pad longer will give you a sharper cross-court angle.

SHOT TYPES

Top Spin (Regular Shot)

Press the  button for a regular shot with a Top Spin.

Slice (Defensive Shot)

Press the  button for a Slice Shot when you're in a tight spot. The speed is slow, but it gives you time to regain your footing.

Lob

Press the  button for a Lob shot that goes straight over your opponent's head when they're near the net.

Drop Shot

Push the  button together with the left stick  for a Drop shot. This allows you to return the ball close to the net in your opponent's court.

Smash

If you're positioned such that the ball reaches you before it bounces, you can automatically volley it back. High balls sent over your head can be smashed back into the opponent's court.

Super Shot

As each match progresses, your Concentration Gauge (at the top left/right of the screen) will fill. Once the gauge is full, press the  button to unleash a high-powered Super Shot unique to your character for the competitive advantage. See p.8 for more information on Match Momentum and the Concentration Gauge.

HITTING HARD SHOTS

1. Aim for the peak of the bounce

By aiming for the ball while it's at the peak of its bounce (high shot point), you can return it with greater force.

2. Anticipate the ball's arrival and swing early

Position yourself where you think the ball will arrive and start your swing early to build a more powerful shot. Be careful, for if you fail to predict the ball's arrival correctly, your shot will be weak.

Good. Anticipate well and you will have a powerful return.

Bad. Poor anticipation leads to a weak return or missed shots.

MATCH MOMENTUM

The Match Momentum system is a new feature of *Virtua Tennis 4*, which increases the dynamism and excitement of the gameplay, allowing you to get completely immersed in the match fury. Your level of Match Momentum is displayed on the Concentration Gauge on the top left of the screen and your opponent's appears on the right.

Match Momentum is built according to your character's Play Style. Each Play Style has its own conditions for increasing the Concentration Gauge, which are outlined in the Play Style descriptions in *My Club* (p.18).

As the Concentration Gauge increases, your character's abilities will be enhanced. Gradually unlock additional special shots and moves over the course of the match to gain the advantage.

Fill the Concentration Gauge to unlock a Super Shot. Push the Super Shot button and watch the performance unfold dramatically before your eyes.

- * The Super Shot button can be pushed at any time once Concentration Gauge is full.
- * After the gauge is filled, it will slowly decrease over time. Unleashing the Super Shot will reduce it to zero immediately.

WORLD TOUR

Fight your way through four tough seasons with your eyes fixed on winning the grand slam championship. To reach the top, it's necessary to first build your reputation. Whether it be taking part in matches, mingling with fans, or making volunteer contributions, everything you do will have an effect on your ratings, so choose your actions wisely. With careful planning, you can make a name for yourself in the world of tennis.

STARTING THE WORLD TOUR

Begin by selecting or creating a character.

To create a character, select an empty slot to proceed. Selecting a slot with an existing character will allow you to continue that character's career from where you left off. If you previously played the World Tour Teaser Demo, the character you created will be waiting for you at the selection screen!

CREATING A PLAYER CHARACTER

At the Player Registration screen, select a difficulty level before progressing to character design. Over the next set of screens, you can create your player character's likeness, just the way you want it.

Profile: Set the character's gender, name, date of birth and nationality.

Basic Player: Choose a template body from which to begin your customization.

Player Customization: Customize the Body Type, Face and Hair. The possible customizations are endless!

Finally, select **Ready** to complete the character design and begin the tour!

GAMEPLAY SYSTEM

Your tour begins in Tokyo, Japan. Though sometimes you will come to a fork in the road, you will continue to progress around the world one day at a time. When you're ready to proceed, select a numbered ticket from those available to progress to your next destination; the number on the ticket determines how many spaces you will move, and the space you land on determines your activity for that day. You may land on a training activity, an event you can participate in, enforced rest to replenish your energy, or nothing at all. You can view a road map ahead of time, so plan wisely to ensure you can do all the activities that you want to do. And don't worry, you won't be alone; your coach will be there to support you every step of the way!

SCHEDULING MENU

This screen gives you an overview of your progress. Here you can see how many days are left until the end of the season, as well as details on the next Big Tournament and your entry status. Note that Stars determine your SPT Rating and entry qualifications for tournaments.

The scheduling menu allows you to select from the following:

- **MOVE** Go to the Map screen and select a ticket for your next destination.
- **VIEW MAP** Take a look at the road ahead to plan your activity schedule.
- **SPT RATING** See how you rank against the other players.
- **MY CLUB (P.18)** Customize your character's Play Style, clothing and equipment, and select Doubles partners.

MOVE SCREEN

VIEW MAP SCREEN

ACTIVITIES

Each activity is shown on the map as an icon. A selection of the icons and corresponding activities are detailed below.

TRAINING

Essential for building up your skills, most training will not affect your Stars, but it will take a toll on your condition.

There are eight different training activities which are very similar to the Party mode games detailed on p.13. Each training activity has its own unique icon, but all are colored blue for easy identification.

EXHIBITION

A well-played match will increase your Stars, but will also take its toll on your condition.

There are three kinds of Exhibition matches: Practice matches can be identified by the yellow tennis racket icon (a single racket for a Singles match, and two crossed rackets for a Doubles match); Special matches are identified by a crown icon; and Fancy Dress matches are identified by a face disguise.

REST

It's important to stay in tip-top condition. If your condition starts getting low, stop at a rest stop to recuperate.

Rest stops can be identified by the green deck chair icon.

MANAGEMENT OFFICE

Here you can perform a number of administrative tasks such as purchasing a single stop ticket, and hiring a publicity manager to work with you.

Management offices are identified by the purple office icon.

PUBLICITY

Regularly taking part in publicity work and charity events can do wonders for your rating. They can also become expensive, so watch your funding!

Publicity Works are identified by an icon showing a small crowd in yellow, and charity events are depicted by the yellow t-shirt icon.

ACCIDENTS

These reduce your Stars, condition and money. Try to avoid landing on these.

Accidents are identified by red downward pointing arrows.

TOURNAMENT

These are where you get to really show your tennis skills, if you're qualified to enter. Expect rewards of both cash and SPT rating, but watch your condition.

Satellite tournament icons are similar in design to those of the Practice matches. Other tournament icons come in a variety of designs.

SPT RATING

As your rating improves, you will gradually work your way up the SPT Rating scale. To check your current position, visit the Scheduling menu and select SPT Rating.

DOUBLES PARTNER

As your tour progresses and your reputation improves, more and more players will want to join you as partners for Doubles matches. Each will have their own strengths and weaknesses, so decide who you'll be paired with at Doubles tournaments and Practices by selecting My Club (p.18) from the Scheduling Menu, and then choosing Doubles Partner. Early in the tour, only one partner is available and they are selected by default.

CONDITION

Your current physical condition is shown on a gauge at the top of the Move screen. Different activities have different effects on your condition, as you can see from the activity information box at the Map screen: an arrow pointing downwards shows your condition has declined, an upward pointing arrow shows your recovery, and a dash indicates a small, insignificant impact. The degree of change is also indicated by the number of arrows.

If your condition gets low, then your match performance may suffer. Letting your condition drop to zero will result in an injury that will take several days to recover from. Stopping at rest stops regularly will keep you in the best shape. Performing well while training can also improve your condition, meaning less rest stops would be required.

ARCADE/EXHIBITION

Both of these modes allow you to practice and enjoy your tennis skills in regular matches. **Arcade** lets you jump straight into the action and enjoy a series of matches, whereas **Exhibition** lets you play a single match exactly to your liking with friends or alone.

On selecting either of these modes, you will be presented with the following options. Note that selections are more limited for Arcade.

Match Type	Set to Singles/Doubles
Number of Players	Arcade: 1 to 2 (Doubles matches only) Exhibition: 1/2/3/4 players
Game/COM Level	Set to Easy/Normal/Hard/Very Hard
Court	Choose a venue from the courts available (Exhibition only)

ADVANCED SETTINGS (EXHIBITION ONLY)

Number of Games	Set up to 6 games per set
Number of Sets	Set 1/3/5 sets per match
Tie Breaker	Decide the winner with a tie breaker game in the case of a tie
Server	Set the court serving first to Front/Back/Random

POSITION SELECT

Use the left stick or directional buttons **← →** to choose a position for each player. In Arcade Mode, this is only available for Doubles matches.

CHARACTER SELECTION

Choose from one of the professional players available, or to play as one of your custom World Tour characters select **Load** (choose a character) or **Current** (most recently played World Tour character). Different players have different strengths, so choose carefully.

After you have made your choice, you can then go on to select characters for your Doubles partner and opponents (Exhibition only).

PARTY

Play a variety of tennis-themed Party games with friends or alone. Set the number of players, choose a game, and click **Ready** to progress to the Character Selection screen, as detailed on p.13. Once you've chosen your player, the selected game will begin.

Clay Shooting

Break as many clay targets as possible with well-aimed shots. Score extra points by breaking stacked targets with one shot. When you're running low on targets, break a red target to restock. Gold targets are worth more points.

Ace Striker

Take serves at a soccer goal and earn points for scoring. White-colored defenders can be blown away with strong serves. You can earn more points by scoring goals in succession.

Egg Collector

Touch the eggs on the court to make them hatch, and then guide as many chicks as possible to the mother hen. The chicks follow you, so try to steer them away from balls. The more you guide to safety simultaneously, the higher your score.

Royal Poker

Flip cards over by hitting them with balls, and put together a hand of poker. The higher the hand, the higher the score. Aim for lit-up cards to efficiently build your hands.

Wind Match

Keep a rally going with your opponent on a windswept court. More points are added as you keep the rally going. But watch out: hitting a balloon on the court makes the wind change direction.

When playing with two or more players, the side that wins the rally receives the points.

Bomb Match

Rally using bomb balls that count down with every hit. Drop the counts to zero and make them explode on your opponent's side of the court. Hitting bombs onto the circles on the court will speed up the countdown, so use that to your advantage.

Wall Match

Sliding wall panels on top of the net hinder regular play. You can move the panels up and down by stepping on like-colored switches on the court. When the panels are up, the ball will bounce back. The more panels that are up when a point is scored, the higher the bonus.

Coin Match

Collect the coins that appear on the court. Large coins score higher. You can make more coins appear by scoring points off of your opponent.

Pin Crusher

Use your serve to knock down bowling pins on your opponent's court. Aim for strikes and spares to maximize your score.

MOTION PLAY (PlayStation®Move)

Using the PlayStation®Move motion controller

Note: Always wear the included wrist strap with the PlayStation®Move motion controller. To use the controller, you must first register or "pair" the controller with the PlayStation®3 system and assign a number to the controller. For details, refer to the instructions supplied with the system.

Swing the PlayStation®Move motion controller like a tennis racket and enjoy a realistic tennis experience. The controls are as simple as swinging to meet the ball sent from the opposing court. Before you know it, it'll be just like playing tennis with your favorite players.

In addition to Exhibition matches, there are also two Party games only available in Motion Play mode: Net Blitz and Mummy Attack.

Up to two players can play simultaneously, so whether you're playing Singles, Doubles, or Party games, there are lots of ways the game can be enjoyed with your family and friends.

Please note that 2-player Singles/Doubles Motion Play games are not available while you're playing in 3D mode.

CONTROLS

1. Shot Direction

The shot direction is determined by the position of the racket at the time it meets the ball. Swinging early will send the ball left (right with backhand), and swinging later will send it right (left with backhand).

2. Shot Types

3. Approaching the Net

Taking a step forward from where the rally started will allow the player to approach the net. Returning to the original position will return the player to the baseline. Please ensure there is sufficient space between you and the TV set to prevent damage and injury.

NETWORK

Connect to PlayStation®Network and enjoy playing with other players from around the world.

Ranked Match (Quick Match)

Games played in this mode will have a direct effect on your ranking. Play in Arcade mode as you wait for an opponent.

Player Match

Games played in this mode will not affect your ranking. Create a Clubhouse and enjoy Exhibition matches and Party games.

Ranking

View the SPT World Ranking.

Message Setting

Set messages to be displayed during Network matches.

RANKED MATCH

In this mode, you can play Arcade matches as you search for a suitable opponent. This simple system takes all the stress out of matchmaking!

Depending on your results, your position in the SPT World Ranking will rise or fall. Keep your sights on the number 1 spot!

PLAYER MATCH

In this mode, you can exchange pre-set messages, voice chat, and freely play Exhibition matches and Party games with other members gathered at the virtual Clubhouse. There are four courts available for Singles, Doubles, and Party games.

IN-PLAY MESSAGES

Take things up a notch and visually voice your feelings at those crucial moments with customized In-Play Messages!

Set up to two custom messages for when the match starts and for when you're winning or losing a point, or worse, a game. Letting other players know what's on your mind at those crucial moments really brings the game to life!

MY CLUB

Customize your World Tour characters, and view gameplay data and medals.

TOUR PLAYER

In this mode you can change the Play Style of your Tour Players, as well as purchase and change clothing and gear. A wide variety of Play Styles and gear can be unlocked, allowing you to make your player just the way you want them.

PLAY STYLE LESSON

Choose a Play Style for your character from those which have been unlocked. The selected Play Style will have a direct effect on your character's skills and the way Match Momentum is increased. Changing Play Style costs the amount indicated, and this will be deducted from your funds.

KIT CATALOG

Looking for new gear? The  icon indicates which new items are available. Simply select an item you'd like to purchase and the amount shown will be deducted from your funds. You will also be given the option to equip your gear.

Previously purchased items will appear with a grey checkmark and the price displayed as zero. Select a purchased item to equip it.

OVERALL STATS

Here you can check details of your overall progress to review your achievements. Use the left stick or directional buttons   to scroll through each page.

MEDALS

A wide variety of medals can be won by clearing different conditions! Here you can see all the medals you've earned and check the conditions required to achieve them. Bronze, silver and gold medals are awarded depending on the content. Do your best to win them all! Use the left stick or directional buttons   to scroll through each page.

Note: Each Medal is registered as a Trophy and can also be checked from [Trophy Collection] under [Game] in the PS3™ system's home menu.

OPTIONS

Make changes to a variety of game settings as follows:

GAME SETTINGS

Speed

Set the serve speed display to **km/h** or **mph**.

Camera View

Set to **Behind** (camera remains behind player) or **Alternate** (camera remains behind serving player).

Camera Type

Set to **TV** (high view), **Close** (closer to the action) or **Follow** (court level).

Camera Focus

Controls the way the camera follows the action. Set to **Normal** (camera view changes during rallies), **Dynamic** (view changes more dramatically) or **Off** (no change).

CONTROLLER

Set the controller layout type from **A** to **D**, and turn the Rumble feature **On** or **Off**.

AUDIO

Set the volume of music and sound effects (SE) from **0** (mute) to **10** (loudest).

CREDITS

See the names of the people that brought you *Virtua Tennis 4*.

INSTALL

Install game data on the system's hard disk to speed up load times during gameplay.

LIMITED WARRANTY:

SEGA of America, Inc. warrants to the original consumer purchaser that the game disc or cartridge shall be free from defects in material and workmanship for a period of 90-days from the original date of purchase. If a defect covered by this limited warranty occurs during this 90-day warranty period, the defective game disc or cartridge will be replaced free of charge. This limited warranty does not apply if the defects have been caused by negligence, accident, unreasonable use, modification, tampering, or any other causes not related to defective materials or manufacturing workmanship. This limited warranty does not apply to used software or to software acquired through private transactions between individuals or purchased from online auction sites. Please retain the original, or a photocopy, of your dated sales receipt to establish the date of purchase for in-warranty replacement. For replacement, return the product, with its original packaging and receipt, to the retailer from which the software was originally purchased. In the event that you cannot obtain a replacement from the retailer, please contact SEGA to obtain support.
